

### MAIN POINT

#### Jesus protects us

### SCRIPTURE FOCUS

The one who sowed the good seed is the Son of Man. The field is the world, and the good seed stands for the people of the kingdom. The weeds are the people of the evil one, and the enemy who sows them is the devil. The harvest is the end of the age, and the harvesters are angels. Matthew 13:37-39

### AIDS

A bowl full of vegetable peelings and a peeler – if possible a coloured peeler that matches the colour of the scraps e.g. orange-coloured peeler and carrot peelings

A compost bin.

### CHAT

#### What do I have here?

*e.g. vegetable peelings and a peeler*

#### What should I do with my scraps?

*e.g. compost, green bin, garden*

**Once I threw out my scraps just like these, into my compost bin. It wasn't until I went to peel some more carrots that I realized I couldn't find my peeler. I didn't realize that I was so quick to get rid of the scraps that I got rid of something I wanted to keep. I had to dig around in my compost bin then to find my peeler. It wasn't very nice as there were a lot of other scraps in my bin by that time. So I had to take it back into my house and wash it really well so that I could use it again.**

**Sometimes people who believe in God may look like the ones who don't believe in him. Just like my orange peeler got lost in the carrot peelings. But thankfully God knows which is which. God will never throw out anyone who loves him. Even when we find ourselves in bad situations, God takes care of us and protects us. God will always come looking for us if we get lost.**

### PRAYER

**Father God, thank you for loving us and protecting us. Help us make good decisions with our friends and always try to do the right thing. Amen.**
